Amna Ahmad

UI/UX Designer | Computing Engineer

A creative and user-focused user experience designer with nearly four years of work experience in developing human centered digital solutions. Currently pursuing a Master's in Digital Experience Design at ECAL in Lausanne. I combine a strong computer science background with a passion for thoughtful and intuitive design.

Education

Master of Arts HES-SO in Design (Digital Experience Design) | 2025 - Present

éc a l - École cantonale d'art de Lausanne, Switzerland

advanced interaction design, prototyping and iteration,
critical and experimental thinking, design research.

Bachelor's of Computer Science | 2017 - 2021

University of Engineering and Technology, Taxila, Pakistan

Relevant Course Work:
Human Computer Interaction, Web design and development
Software design, Project Management, Programming languages

Professional Experience

AI Creative and Design Technologist Intern | Juņe - Sep 2026

Logitech S.A. Europe, Lausanne

Designed and implemented an AI-assisted workflow to automate country-specific **PWS keyboard** layout creation for New Product Introduction, reducing reliance on manual, expert-only work in Adobe Illustrator and addressing a key knowledge bottleneck within the C&D team. My project contributed to Logitech's Design System long term strategy by supporting the development of an AI backed tool that instantly creates different layouts within minutes.

UX Designer / Computing Engineer | 2023 - 2025

CERN - European Organization for Nuclear Research, Geneva

Redesigned the **UNICOS** framework, a core CERN platform for building industrial control applications.
Brand & Icon System: Defined comprehensive brand guidelines and created 200+ custom icons to enhance visual consistency and usability.
Interface Design: Developed detailed mock-ups and conducted user feedback sessions to refine interactions and overall user experience.
Implementation: Applied the new guidelines in WinCC OA, using QT CSS and C/C++.
Deployment: Coordinated testing and rollout phases to ensure seamless integration and performance.

UI/UX Designer / Graphic Designer | 2021 - 2023

OBS Technologia, Islamabad, Pakistan

Randox Health (UK): Contributed to the design of a mobile application for the UK's largest healthcare provider, strengthening their digital presence.
LeanTech(UAE): Developed brand guidelines and established a tone that balanced professionalism with approachability.
Mentorship(OBS-Technologia): Trained and mentored two team members, supporting their growth and enhancing team capabilities.

Certification

Google UX Design Specialisation | 2024
Issued by Google

Minimalistic Graphic Design | 2022
Issued by Domestika

Skillset

Design
UI/UX Design, HMI Design, User Experience, Wireframing, Prototyping in figma, Web design, Mobile app design, branding, Iconography, graphic design

UX Skill set
User research, Usability testing, Human centered design, User personas, journey mapping, design research

Software
Figma, Adobe illustrator, Adobe XD, adobe photoshop,Jira, git lab,

Relevant coding
HTML, CSS, Javascript (beginner level)

Languages

English
C2 Proficiency - IELTS Certified

French
A1 Level
